

# THE ECONOMICAL DL FOR CLASS 1 SLURRIES

The **Toyo DL** series submersible pump has long been a fan favorite for its proven reliability and durability. It features a built-in cooling jacket to allow for full cooling while the pump is primed - even if the motor is fully exposed to air.

**High Chrome** wear components provide excellent wear life and the pump boasts large internal clearances for the easy passage of high concentrations of solids. This rugged submersible pump will be the last thing you need to worry about in your busy day.
